REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 12-28 and 30-38 are allowed as the prior art does not teach or suggest the applicant's invention. The applicant's remarks in response to the Office Action (filed on 12/28/2004) distinguish the application's invention over the references that accompanied the Office Action. Claims 13, 20, and 30 teach a method, apparatus, and means for a disk drive. The distinguishing elements of the claims teach determining whether a length of a seek operation is longer than a predetermined minimum seek length; if it is determined that the length of the seek operation is longer than the predetermined minimum seek length determining whether an amplifier saturated during the seek operation; and if it is determined that the amplifier saturated during the seek operation, adjusting a maximum driving current.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason C Olson whose telephone number is (571)272-7560. The examiner can normally be reached on Monday thru Thursday 7:30-5:30; alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dave Hudspeth can be reached on (571)272-7843. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
